Item Number:

Summary: Provision of trash receptacles and regular pickup for encampments consisting of 3 or more tents: The Encino Neighborhood Council is in favor of CF 21-0773 which requests that the City Council direct the Bureau of Sanitation to report back within 60 days laying out the resources—including, but not limited to, personnel, equipment, and materials—that would be required to place wire basket trash receptacles at all homeless encampments in the City of Los Angeles made up of three or more tents and to regularly service those receptacles every three to four days. The report should also include recommendations for the implementation of a homeless encampment trash receptacle program that will accomplish these goals. And further, every effort should be made to quickly complete the study, find funding, and implement the sanitation program without delay. There are not enough beds of any kind to accommodate everyone currently on the street, providing regular trash collection to encampments has been discussed for too long, it is long overdue
