

ENERGY, CLIMATE CHANGE, ENVIRONMENTAL JUSTICE, AND RIVER COMMITTEE REPORT relative to requiring prime contractors and subcontractors hired for installation of City-owned electric vehicle charging stations to be certified by the Electric Vehicle Infrastructure Training Program (EVITP).

Recommendation for Council action:

INSTRUCT the Department of General Services to include in the Electric Vehicle Masterplan a requirement for prime contractors and subcontractors hired for the installation of the City's electric vehicle charging stations to be certified in the EVITP.

Fiscal Impact Statement: The City Administrative Officer (CAO) reports that minimal to no General Fund impact is anticipated as many existing City vendors are already certified, and uncertified vendors may increase bids to incorporate the cost of EVITP certification.

Financial Policies Statement: The CAO further reports that the recommendation in this report complies with the City's Financial Policies in that the City expenditures are subject to the appropriation of available funding.

Community Impact Statement: None submitted.

Summary:

On November 3, 2022, your Committee considered the October 13, 2022 CAO report relative to requiring prime contractors and subcontractors hired for installation of City-owned electric vehicle charging stations to be certified by the Electric Vehicle Infrastructure Training Program. The report attached to the Council file includes some background on the matter.

After providing an opportunity for public comment, the Committee moved to approve the recommendation reflected above. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

ENERGY, CLIMATE CHANGE, ENVIRONMENTAL JUSTICE, AND RIVER COMMITTEE
