APPROVED PROJECT DESCRIPTION:		
<p>The project is proposing the demolition of an existing commercial office building, and the construction, use, and maintenance of a new, five-story, 56 feet in height, 100 percent affordable multi-family residential building consisting of 149 dwelling units. The project will provide 79 vehicular parking spaces located within one at-grade parking level and will provide a total of 110 bicycle parking stalls.</p> <p>This item is to request that the City Council consider and determine whether the proposed project (Case No. DIR-2020-7790-TOC-SPR-HCA) qualifies for a Sustainable Communities Project Exemption, pursuant to Public Resources Code (PRC) Section 21155.1.</p> <p>PRC Section 21155.1 provides that projects are statutorily exempt from CEQA if a hearing is held by the City Council and the City Council finds, based on the whole of the administrative record, the project qualifies as a transit priority project, as defined by PRC Section 21155(b), and further meets all of the criteria set forth in PRC Section 21155.1 (a) and (b) and one of the criteria of subdivision (c). If the City Council finds, after conducting a public hearing, all of the above, then the project is declared to be a Sustainable Communities Project and shall be exempt from the California Environmental Quality Act (CEQA).</p> <p>Planning has reviewed the Sustainable Communities Project Exemption (SCPE) that was prepared for the proposed project and is recommending that the City Council consider and determine that the project is exempt from CEQA pursuant to PRC Section 21155.1.</p>		

COMMISSION ACTION(S) / ZONING ADMINISTRATOR ACTION(S): (CEA's PLEASE CONFIRM)

N/A

ENTITLEMENTS FOR CITY COUNCIL CONSIDERATION:

In accordance with the California Environmental Quality Act (CEQA), codified at Public Resources Code (PRC) Section 21155.1, a determination that the proposed project qualifies as a sustainable communities project and a declaration that the project is statutorily exempt from CEQA.

NOTES / INSTRUCTION(S):

Actions for the City Council:

The City of Los Angeles finds, upon a review of the entire administrative record, including the SCPE No. ENV-2020-4649-SCPE, and all comments received, that:

- The Proposed Project qualifies as a transit priority project pursuant to Public Resources Code Section 21155(b), which by definition means that the Proposed Project is consistent with the general use designations, density, building intensity, and applicable policies specified for the project area in the Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS) prepared by the Southern California Association of Governments (SCAG) pursuant to Public Resources Code Section 21155(a); and contains more than 50% residential; provides a minimum net density greater than 20 units an acre; and is within one-half mile of a major transit stop or high-quality transit corridor included in a regional transportation plan per PRC Section 21155(b); and
- Finds that all criteria in 21155.1(a) and (b) are met, including environmental criteria, land use criteria, and at least one criteria (affordable housing) in PRC Section 21155.1(c) are met.

Therefore, the City of Los Angeles finds that the Proposed Project qualifies as a transit priority project that is declared to be a Sustainable Communities Project and is therefore exempt from CEQA, in accordance with PRC Section 21155.1.
