

TRANSPORTATION

MOTION

California Vehicle Code Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, those vehicles that are six feet or more in height, on identified City streets during certain hours. The Los Angeles Municipal Code Section 80.69.4 allows the Council to authorize by resolution, the streets upon which the parking of oversize vehicles shall be restricted between certain times. Areas have experienced public safety issues associated with large vehicles that are parked overnight and block travel lanes, thereby creating hazardous conditions. The Department of Transportation can post signs giving notice of a “tow away, no parking” restriction for oversized vehicles, with the specific hours detailed in the resolutions.

It is important to understand the Department of Transportation process for citing and towing oversized vehicles. It is also important to understand the role of the Los Angeles Police Department and Police Commission Investigation Division in this process.

I THEREFORE MOVE that the Department of Transportation and the Police Department with the assistance of the Police Commission Investigation Division be directed to report in 30 days on the current process for towing oversized vehicles in violation of posted signs.
