Summary:

At a regular meeting held on April 18, 2023, the PLUM Committee considered a report from the DCP and CEQA appeal for the properties located at 9101 West Pico Boulevard. DCP staff provided an overview of the matter. Councilmember Yaroslavsky spoke in support of granting the appeal. After an opportunity for public comment, and presentation by the Applicant and Appellant Representatives, the Committee recommended to grant the appeal and thereby overturn the WLAAPC's determination in approving the Categorical Exemption as the environmental clearance for the project for a Plan Approval and requesting the Director of Planning to prepare the necessary CEQA analysis and findings consistent with Council's findings; and requesting a new CEQA determination be set for a new hearing for the WLAAPC's consideration. This matter is now submitted to the Council for consideration.

Respectfully Submitted,
