

PUBLIC WORKS COMMITTEE REPORT relative to developing standards for bus stops.

Recommendation for Council action, pursuant to Motion (De Leon - Blumenfield):

INSTRUCT the Bureau of Engineering, in coordination with the Bureau of Street Services, the Bureau of Street Lighting, the Los Angeles Department of Transportation, and the Los Angeles County Metropolitan Transportation Authority, to:

- a. Develop comprehensive policies and criteria to guide necessary to create a transit rider focused bus stop environment.
- b. Develop design standards based upon the above policies and criteria for bus stops within the City.
- c. Ensure that these standards include considerations that provide for the safety, convenience, and comfort, of bus patrons, pedestrians, cyclist, vehicular operations and other uses of Public rights-of-way including but not limited to street and sidewalk improvements such as curb extensions, bus pads, designated bus boarding and alighting areas, utility and signage rearrangements, bus stop safety lighting, street trees, street furniture, litter/recycling receptacles, informational signage, and any technical specifications needed to implement these new bus stops.
- d. Ensure that this analysis looks at different levels of bus stop amenities based upon the existing site infrastructure, NextGen bus plan, bus route frequency, ambient temperatures, adjacent land uses and long-term maintenance needs with a focus on sustainability.
- e. Determine how to implement the comprehensive improvements at all bus stops in the City, upon developing the evaluation criteria, comprehensive policy, and design standards.
