Summary: In a regular monthly meeting of the Westside Neighborhood Council, the board voted to OPPOSE the Council motion CF# 21-1276 UNLESS AMENDED to ban only live ammunition. In November, the WNC previously approved supporting a similarly worded motion focused on the city's state legislative program IF it only applied to live ammunition, but still allowed guns. This proposed CF now relates to drafting a citywide ordinance, so the WNC is taking a consistent approach to balance safety with entertainment industry creative needs. November's WNC vote reflected the board's consensus discussion that the removal of live ammunition (while still allowing the use of real guns as props) could achieve the same result of safer motion picture and television sets -- without undermining the needs of productions or the entertainment industry's contribution to the state's economy. Our opinion has not changed.
