JULY 29, 2022

The Echo Park Neighborhood Council supports this motion that created the Chief Heat Officer position within the Climate Emergency Mobilization Office. We also support the appointment of Marta Segura to the position.

More Americans die from heat-related causes each year than hurricanes, tornadoes, and flooding combined. Of these 1,500 annual deaths, nearly half are attributed to people experiencing homelessness. As such, the Echo Park Neighborhood Council urges Chief Heat Officer Segura to focus her office's resources on the development of programming and community partnerships to mitigate the deadly effects of Los Angeles' heat on the unhoused community. Additionally, we hope resources are utilized to amplify cooling centers and new programming for low income communities that are disproportionately affected by heat waves for a variety of reasons, including lack of air conditioning and lack of proper shade.

We look forward to the future work of this office as temperatures in our city have been growing each year.

RESOLUTION

On July 26, 2022, the EPNC Board of Governors held a Brown Act noticed-meeting, at 7pm through zoom. With a quorum of 11 board members present and vote count of 11 yeas, 0 nays, and 0 abstentions, the Board resolved to write a letter of support for the application as set forth above.

Respectfully,
Echo Park Neighborhood Council

Nick Marcone
Secretary, Echo Park Neighborhood Council
