Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 21-1414

Agenda Date:

Item Number:

Summary: Neighborhood Council Valley Village (NCVV) supports Council File 21-1414 as presented, to establish guidelines applicable to all SB9 projects. In addition, on behalf of our stakeholders, NCVV urges the Los Angeles City Council to enact an ordinance that would establish a 25% minimum standard of affordable housing requirement for the motion, supporting replacement of any trees removed due to an SB9 project with mature replacement trees and working carefully to preserve the existing tree canopies in our city, rigorous enforcement of the 3 year minimum residency requirement for development related to SB9 projects, and a provision for improvements to infrastructure that will be impacted by SB9 projects such as increased demands on the power grid and water resources, integrity of our parks and green spaces, mediation of traffic increases that will result from heightened density, scarcity of parking, increased demand for schools, greater expectations of LAPD and LAFD protection, and future impacts of climate change and the decrease in permeable surfaces related to development.
