

ORDINANCE NO. 187543

An ordinance adding Article 19 to Chapter IV of the Los Angeles Municipal Code to require replacement obligations and occupant protections for new housing development projects.

WHEREAS, the City of Los Angeles is experiencing an extreme shortage of affordable housing, which has resulted in increased poverty and homelessness;

WHEREAS, the California legislature passed the Housing Crisis Act of 2019 (HCA), through Senate Bill 330, codified in California Government Code Section 66300, *et seq.*, effective January 1, 2020, which was intended to help alleviate the State's extreme housing shortage through a variety of measures, such as those to preserve "protected units," protect occupants of "protected units," and replace demolished residential units in new housing development projects;

WHEREAS, the California legislature passed amendments to the HCA through Senate Bill 8 (SB 8), effective January 1, 2022, to among other things, extend the sunset date, clarify that the HCA's requirements apply to all new housing development projects, including those proposing to construct single dwelling units, and those involving no discretionary approvals, and to clarify that relocation benefits and rights of first refusal are reserved for lower-income occupants of "protected units";

WHEREAS, SB 8 also amended California Government Code Section 66301(a) to read: "This chapter shall only apply to a housing development project that submits a preliminary application pursuant to Section 65941.1 before January 1, 2030";

WHEREAS, California Government Code Section 66300(d)(3) authorizes locally adopted ordinances that place restrictions on the demolition of residential dwelling units or the subdivision of residential dwelling units that are more protective of lower income households, requires the provision of a greater number of units affordable to lower income households, or that requires greater relocation benefits to displaced households;

WHEREAS, California Government Code Section 66300(j) authorizes affected cities to enact development policies, standards, or conditions intended to preserve or facilitate the production of housing for lower income households; and

WHEREAS, pursuant to the aforementioned authority, the City wishes to enact this ordinance in order to prevent any loss of replacement units and occupant protections for lower income households.
