Summary:

At a regular meeting held on August 24, 2022, the Housing Committee considered Motion (Krekorian – O’Farrell – Martinez – Raman – de León) instructing the LAHD to report on opportunities to identify voluntary water conservation, energy efficiency, and renewable energy recommendations in the SCEP as an added service to building owners and tenants, including strategies to share information about common measures and opportunities to partner with the LADWP to reduce cost. The Committee also considered the LAHD report relative to G2G Program enhancements through the SCEP and collaboration efforts with the LADWP, as a report back in response to said Motion. After providing an opportunity for public comment, the Committee moved to receive and file the LAHD report; and, to amend the instruction in said Motion to instruct the LAHD to launch the revised SCEP G2G Program, and direct the LAHD and LADWP to enter into a Memorandum of Understanding governing cost and data sharing for the expanded Program. This matter is now submitted to the Council for consideration.

Respectfully Submitted,

HOUSING COMMITTEE
