Re: Council File # 22-0002-S111, AB 558
Student Health / Greenhouse Gas Emissions Reduction / Plant Based School Lunches

Dear Members of the Los Angeles City Council,

The PICO Neighborhood Council ("NC") unanimously supports strong action to fight climate change and environmental damage and to support children's health and development.

The PICO NC therefore supports the City Council's motion CF # 22-0002-S111, AB 558 requesting the City of Los Angeles include in its 2021-2022 Federal Legislative Program SUPPORT for AB 558, which would improve student health while reducing greenhouse gas emissions associated with the estimated 540 million school lunches served each year by incentivizing more plant-based school meals.

Sincerely,

Brad S. Kane
President
