Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 22-0002-S121

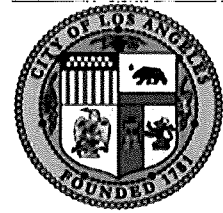

Agenda Date: 12/14/2022

Item Number: 12(a)

Summary: The PICO Neighborhood Council (“NC”) supports strong action to fight climate change and environmental damage and to support community health and development consistent with protecting the environment. PICO NC therefore supports the City Council’s motion CF # 22-0002-S121, H.R. 3339 for the City of Los Angeles to include in its 2021-2022 Federal Legislative Program SUPPORT for HR 3339, the National Infrastructure Bank Act of 2021, to create a National Infrastructure Bank and address the infrastructure needs of Los Angeles and the nation. The NC, however, urges the City Council to focus its support for the National Infrastructure Bank on the goals of renewable energy, affordable housing, and clean air and water by urging the Federal government (and the new Infrastructure Bank) to support public transportation projects rather than focusing on roads that may encourage more fossil fuels to be burned.

Re: Council File # 22-0002-S121  
National Infrastructure Bank Act of 2021 / National Infrastructure Bank

Dear Members of the Los Angeles City Council,

The PICO Neighborhood Council (“NC”) supports strong action to fight climate change and environmental damage and to support community health and development consistent with protecting the environment.

PICO NC therefore supports the City Council’s motion CF # 22-0002-S121, H.R. 3339 for the City of Los Angeles to include in its 2021-2022 Federal Legislative Program SUPPORT for HR 3339, the National Infrastructure Bank Act of 2021, to create a National Infrastructure Bank and address the infrastructure needs of Los Angeles and the nation. The NC, however, urges the City Council to focus its support for the National Infrastructure Bank on the goals of renewable energy, affordable housing, and clean air and water by urging the Federal government (and the new Infrastructure Bank) to support public transportation projects rather than focusing on roads that may encourage more fossil fuels to be burned.

Sincerely,

Brad S. Kane  
President
