Agenda Date:

Item Number:

Summary: At the General Board and Stakeholder meeting of the Northwest San Pedro Neighborhood Council (NWSPNC) held on July 11, 2022, the board voted to SUPPORT CF# 22-0002-S82 (Buscaino - Bonin) regarding the Los Angeles City resolution in support of AB-2897 (O'Donnell) SB-1122 (Allen) – two similar bills that seek to expand the jurisdiction of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy (RMC) to include the hydrologic basin or watershed that coincides with the Dominguez Channel bounded by Manchester Boulevard in the City of Inglewood to the north and the Los Angeles and Long Beach Harbors, Santa Catalina Island, including the City of Avalon, and unincorporated areas on the island to the south. It also requires the RMC to update the San Gabriel and Lower Los Angeles Parkway and Open Space Plan to include the priorities for conservation and enhanced public use within the expanded territory. This expansion will benefit Northwest San Pedro and the communities of CD 15, as well as other cities in the South Bay. This expansion will also provide opportunities for the City of Los Angeles to fulfill the goals as set out by CF#15-0499 to preserve and enhance species diversity within the City of Los Angeles, as well as the City of Los Angeles' Green New Deal. Approval of this bill will release State Funding to ensure the restoration and preservation of open space for recreational and educational uses, wildlife habitat restoration and protection, and watershed improvements, which would benefit open space & park-poor, environmentally disadvantaged communities within CD 15, and provide funds to create new natural areas within Los Angeles Council District 15.
