Re: Support for AB 2897 (O'Donnell) and SB 1122 (Allen) which seek to expand the territory of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy by including the Dominguez Channel watershed (Council File 22-0002-S82)

Dear Councilmember Buscaino:

On August 9, 2022, our Board voted 13-0-0 to support Council File 22-0002-S82, which confirms City Council support for AB 2897 (O'Donnell) and SB 1122 (Allen) which seek to expand the territory of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy by including the Dominguez Channel watershed.

The Dominguez Channel flows through a residential section of Harbor Gateway North Neighborhood Council south of 168th Street and past the ATT building at 17200 S. Vermont Avenue. At that point, north of Artesia Blvd., the Channel is open bottomed and retains remnants of the willows wetland which once covered hundreds of square miles and was a place where the original people of the region, the Tongva, journeyed to and from the Wilmington and San Pedro areas by canoe. By including this watershed within the Conservancy's jurisdiction, the watershed will be eligible for future funding to protect, preserve and enhance the unique open space and wildlife habitat of the Dominguez Channel watershed in a manner similar to what has been accomplished with the Los Angeles River.

Sincerely,

Miguel Vazquez, Chairperson
Harbor Gateway North Neighborhood Council
