Summary: The Reseda Neighborhood Council requests that in light of the JEDI Zone proposed by Councilmember Blumenfield failing to qualify for JEDI status that the motion be resubmitted with new boundaries for the Reseda neighborhood that are likely to qualify. It should include the entire area encompassing census tract #132300 along Sherman Way from Reseda Boulevard to the west to Lindley Ave to the east, Gault Ave to the south and Sherman Way to the north and include both sides of Sherman Way and Reseda Boulevard for reevaluation. This area falls within a federal opportunity zone and should therefore meet eligibility requirements. We ask that Council Districts 3 and 4 work collaboratively to provide economic redevelopment opportunities within this shared census tract that is an area of high need within our neighborhood. We also ask that the City Council consider increasing the funds available for JEDI zones, particularly in communities who were affected by the closure of the community redevelopment agency.
