**RE: CF 22-0102: Equity Analysis/Violence and Crime/Black Women and Girls/Missing Person Cases**

As stated in the attached motion, “in 2020, Black women and girls faced the highest murder rate of any ethnic group in the United States, an average of four murders per day, according to the FBI. Data from the National Crime Victimization Survey show that Black women are also twice as likely to be threatened by an offender armed with a handgun as their white counterparts.”

Empowerment Congress West Area Neighborhood Development Council (ECWA) supports CF 22-0102. We request that the Civil + Human Rights and Equity Department, with the assistance of the LAPD:

- Report back with an equity analysis on violence and crime facing Black women and girls in the City of Los Angeles
- Provide the rate at which homicides and violent crimes against them are solved
- Investigate and provide statistics on how missing persons cases involving Black women and girls are handled
- Recommend policies for providing equity and justice for these victims and their families

Thank you for your consideration.
