

TRANSPORTATION

MOTION

The Rose Avenue Pathway Project will construct a new walkway and protected bike lane along Rose Avenue (from Frederick Street to Glenavon Avenue) in Venice. The project is one of dozens of signal, bicycle, pedestrian, and first/last mile projects funded by the Westside Fast Forward initiative.

The project anticipates that the Department of General Services (GSD) will use their general contractor on-call list to obtain bids for design engineering/consultant services. A transfer of funds to GSD is necessary to initiate procurement for these services. Sufficient funding was previously allocated to this project in the Coastal Transportation Corridor Trust Fund, which receives funds that are designated specifically for transportation projects on the Westside.

I THEREFORE MOVE that the Council:

1. Transfer/appropriate \$250,000 from the Coastal Transportation Corridor Trust Fund No. 447-94, Westside Fast Forward StreetsLA Sidewalks Projects-Coastal Account No. 9426NT, to the Department of General Services Fund No. 100-40, for on-call contractor services to undertake the Rose Avenue Pathway Project, as follows:
 - a. Hiring Hall Construction, Appropriation Unit 001101 – \$48,750
 - b. Benefits Hiring Hall Construction, Appropriation Unit 001121 – \$26,250
 - c. Construction Materials, Appropriation Unit 003180 – \$175,000

2. Authorize the Department of Transportation to make any technical corrections or clarifications to the above fund transfer instructions in order to effectuate the intent of this Motion, including any corrections and changes to fund or account numbers.
