Council File Number: 22-0617

Agenda Date:

Item Number:

Summary: SUBJECT: CF 22-0617 DOWNTOWN LA COMMUNITY PLAN UPDATE / 2040.

The Lincoln Heights Neighborhood Council Opposes the Downtown Community Plan update unless it is amended to retain the Light and medium duty manufacturing. Too often the city has been allowing developers to trade the commercial reqs for higher density market rate adaptive reuse of "post industrial" commercial districts. These industrial corridors are as Active as they ever were and employ hundreds if not thousands of people from CD1 and CD14, as they have for the past 100 years. Adaptive reuse of functioning vibrant manufacturing districts is an assault on working class POC residents. It causes economic racism where the average person is working three jobs to pay their rent. adaptive reuse circumvents the state law that would require an extensive clean up of known contaminants in the ground that historically the city of Los Angeles has not allowed anyone to build due to contaminants including lead, arsenic, PCBs or chemicals under prop 65 that are known to cause birth defects and cancer. If you have any questions, please contact us. The point of contact for this action is Secretary Sanchez: [fernanda.sanchezlhnc@gmail.com](mailto:fernanda.sanchezlhnc@gmail.com). Sincerely, Sara Clendening, President, on behalf of Lincoln Heights Neighborhood Council
