

MOTION

In March 2021, a pilot program funded by Council District 5 and managed by the Bureau of Street Services was completed utilizing the proprietary and patented concrete cutting technology by Safe Sidewalks Incorporated DBA Precision Concrete Cutting (Precision Concrete Cutting). The pilot program repaired 254 sidewalk locations within Council District 5.

The Westside Neighborhood Council in Council District 5 learned of the concrete cutting pilot program performed by Precision Concrete Cutting and desires to implement the same type of sidewalk repairs along Pico Boulevard between Patricia Avenue and the 405 Freeway, Westwood Boulevard between Pico Boulevard and Santa Monica Boulevard, and along routes to Westwood Charter Elementary School and Overland Elementary School.

The Council District 5 Avenue of the Stars Community Amenities Trust Fund No. 56C was established in 2014 for improvements, pilot programs, or studies to address neighborhood concerns in the area of Council District 5 that is bounded by Century Park West and extended by an imaginary line from the southern-most end of the Century Park West at Olympic Boulevard to Pico Boulevard, Overland Avenue, the 10 Freeway, Sepulveda Boulevard, and Santa Monica Boulevard. Funds are available to perform 239 repairs in the areas referenced above.

I THEREFORE MOVE that \$60,000 in the Council District 5 Avenue of the Stars Community Amenities Trust Fund No. 56C be transferred / appropriated to the Street Services, Fund No. 100-86, Account No. 003040 (Contractual Services) for sidewalk repair work at various locations identified in the text of this Motion.

I FURTHER MOVE that the Bureau of Street Services be authorized to make any technical corrections or clarifications to the above fund transfer instructions in order to effectuate the intent of this motion.
