Impact Information

Date: 10/17/2022

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 22-1064

Agenda Date: 10/17/2022

Item Number: X. G.

Summary: The Reseda Neighborhood Council supports council file 22-1064 which aims to mitigate the effects of extreme heat on low income neighborhoods. Reseda frequently reaches high temperatures in the summer months. We anticipate this will only worsen as the impacts of climate change increase. We support efforts to address necessary cooling in our housing stock, particularly older units, to ensure safe living standards. We support exploring options for low income households to have access to support for paying utility bills during extreme weather. Since the author of this motion has resigned from LA City Council, we hope that either CM Nithya Raman or CM Bob Blumenfield will take up this motion and show the leadership that the constituents of Reseda deserve as we face ever increasing extreme weather. Sincerely, Reseda Neighborhood Council
