Summary:

**CF 22-1127 - Van Nuys Airport Specific Plan / Zoning Ordinance 177.327 /
Community Impact Mitigation**

FOR/If Amended

The Van Nuys Airport (VNY) is a non-commercial airport that is situated in a densely populated residential area in the San Fernando Valley. The ever increasing expansion of what was once a small municipal airport has become a severe detriment to the health and welfare of the stakeholders in the North Hills West and surrounding communities, as noted at public comments during regular City Council meetings by our stakeholders and in the media. As noted in these complaints, the noise, fumes and hours of operation have significantly decreased the quality of life in the North Hills West and surrounding neighborhoods. Our residents are being choked by fumes, kept up at night, and have had their quality of their life diminished by the operation of the Van Nuys Airport. School children and teachers must stop lessons because of the excessive noise and breathe in toxic fumes on their playgrounds. The further expansion of Van Nuys Airport must stop now and measures must be taken to mitigate the negative consequences to our stakeholders.

The North Hills West Neighborhood Council at its November 17, 2022 General Board meeting and duly posted in accordance with the Brown Act voted in support of Van Nuys Airport Specific Plan by a vote of:
