Agenda Date:

Item Number:

Summary: We support a report on the steps needed to place a Charter reform ballot initiative before the voters of Los Angeles in 2024, with recommendations that ensure representation is fixed to population growth, in order to increase the number of Los Angeles City Council seats. The number of City Council members has not increased since 1929 when there were only 1.2 million people living within the City boundaries. Today there are nearly 4 million residents but still only 15 Councilmembers. The City has also become even more diverse, with large populations of people from Korea, Armenia, El Salvador, Mexico, the Philippines, and other countries. More Council Districts would allow for representation of the full diversity of the City's current population.
