

MOTION

In light of the recent release of the recordings of an October 2021 conversation between former Council President Nury Martinez, Councilmember Kevin de León, Councilmember Gil Cedillo, and former Los Angeles County Federation of Labor President Ron Herrera, the City Council and the public have lost faith in the ability of Councilmember Kevin de León to effectively spearhead the response to the city's homelessness crisis.

I THEREFORE MOVE that the City Council request the Council President to remove Councilmember Kevin de León from the position of Chair of the Homelessness and Poverty Committee at the soonest opportunity.
