The Elysian Valley Riverside Neighborhood Council supports [CF 22-1558](#) - CD 13 LAHD Study.

We believe this study is a good first step to guide pro-tenant and low income housing decision-making in our district, especially in its ability to target concerns by zip code. We are also interested in seeing how the research can help to shine a light on the issues the COVID-impacted, college students, and others experiencing housing instability face.

Members of our neighborhood council have heard from residents that they would appreciate LAHD providing more in-person, and multilingual, support for housing concerns.

We thank our new council member for raising this motion and look forward to the housing committee seeing the study through.

Sincerely,

The Community Impact Statement Committee
