The Elysian Valley Riverside Neighborhood Council supports [CF 22-1576](#) - CD 13 Multimodal Infrastructure.

Transportation infrastructure is one of the key issues EVRNC tracks on behalf of our community. We recently filed a CIS supporting CF 22-1071, reiterating our desire to see safer bike, and pedestrian, infrastructure in and around Riverside Drive. We are also concerned about public transit infrastructure in our section of CD 13, including the lack of bus shelters (and, more broadly, lack of other transportation options in our area, including Metro Micro).

We thank our new council member for raising this motion and look forward to the transportation committee seeing these studies through.

Sincerely,

The Community Impact Statement Committee
