Summary: The North Westwood Neighborhood Council (NWWNC) calls for urgent changes to the Brown Act which would allow neighborhood councils the option to hold remote board and committee meetings. NWWNC therefore asks the legislature and our state legislators to approve SB 411 without delay and asks the City Council to advocate for it. On March 4, 2020, Governor Newsom declared an Emergency in the state of California due to COVID-19. On March 17, the Governor signed Executive Order #N-29-20, which modified the Brown Act to permit local bodies to meet virtually. In the City of Los Angeles, this also applied to neighborhood councils. On April 17, 2020, EmpowerLA released a Virtual Governance Plan for neighborhood councils and authorized them to meet via Zoom beginning May 1. Since then, NWWNC and its stakeholder committees have been meeting virtually. Given that people no longer have to appear in person, we have noticed a great increase in the number of public commenters and general public participation across the neighborhood council system. This has led to more robust meetings and deeper community engagement than previously possible. Additionally, virtual meetings ensure that even those working, at home with children, or otherwise unavailable to come in person to meetings are still able to participate; it has strengthened and made our local democracy more equitable. Furthermore, virtual neighborhood council meetings reduce the need for people to drive to and from meetings, helping us achieve our climate goals. They also provide a safe option for those concerned about getting out of a board meeting late at night, and don't burden neighborhood councils financially, which often have to pay to rent meeting space.
