A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

The Board approved this CIS by a vote of: Yea(10) Nay(0) Abstain(0) Ineligible(0) Recusal(0)

Date of NC Board Action: 05/17/2023

Type of NC Board Action: For

Impact Information

Date: 06/01/2023

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 23-0002-S36

Agenda Date:

Item Number:

Summary: The Board of the Studio City Neighborhood Council (SCNC) supports Council File 23-0002-S36: Title, SB 44 (Umberg) / Fentanyl Manufacturing and Distribution / Potential of Criminal Liability / Written Notice Requirement. Fentanyl is a potent synthetic opioid and a Schedule II controlled substance that has wreaked deadly havoc across the country. It is responsible for the majority of drug-related deaths during 2021 and the leading cause of death for persons 18 to 45, surpassing Covid-19 and suicide. An astonishing 74,000 died of fentanyl overdoses between July 2021 and June 2022. More needs to be done to stop this epidemic of death. SB 44 would require a written notice be provided to those convicted or who have plead guilty to the manufacture or distribution of fentanyl on the potential criminal liability resulting from any deaths related to the offense. Also known as Alexandra's Law, it is modeled after the California's existing DUI

advisory. This law would help law enforcement and prosecutors establish implied malice in cases of drug-induced death resulting from fentanyl sold or furnished by a previously convicted-drug dealer or trafficker. More dealers and traffickers would be put behind bars. We urge our councilmembers to support this bill.
