A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 23-0002-S93

Agenda Date: 10/03/2023

Item Number:

Summary: Over the years, men have gotten more pay over women. In 1963, a law called the Equal Pay Act of 1963 helped change this. This is due to the unfair paying of men compared to women because of their gender. Women would do the same amount of work as men but men would still get paid more. This indeed caused women to suffer. While this law was in place, it hasn't been updated and the problem continued overtime . The government tried solving this creating the "Paycheck Fairness Act", as a result of fixing the problems the Equal Pay Act couldn't. This helped with closing the men and women money gap. It helped women get more money and closer to men. The wage gap is a big problem as it causes old women to have no money when they retire and reduces their social security. This caused to slow economic growth. The equal pay of men and women is still a big problem today and needs to be solved.
