

## **CONDITIONS FOR EFFECTUATING TENTATIVE (T) CLASSIFICATION REMOVAL**

Pursuant to Section 12.32 G of the Los Angeles Municipal Code, the (T) Tentative Classification shall be removed by posting of guarantees through the B-permit process of the City Engineer to secure the following without expense to the City of Los Angeles, with copies of any approval or guarantees provided to the Department of City Planning for attachment to the subject planning case file.

Dedication(s) and Improvement(s). Prior to the issuance of any building permits, the following public improvements and dedications for streets and other rights of way adjoining the subject property shall be guaranteed to the satisfaction of the Bureau of Engineering, Department of Transportation, Fire Department (and other responsible City, regional and federal government agencies, as may be necessary). Dedication(s) and improvement(s) herein contained in these conditions which are in excess of street improvements contained in either the Mobility Element 2035 or any future Community Plan amendment or revision may be reduced to meet those plans with the concurrence of the Department of Transportation and the Bureau of Engineering:

### **Responsibilities/Guarantees:**

1. As a part of early consultation, plan review, and/or project permit review, the applicant/developer shall contact the responsible agencies to ensure that any necessary dedications and improvements are specifically acknowledged by the applicant/developer.
2. **Dedications and Improvements.** Prior to issuance of sign offs for final site plan approval and/or project permits by the Department of City Planning, the applicant/developer shall provide written verification to the Department of City Planning from the responsible agency acknowledging the agency's consultation with the applicant/developer. The required dedications and improvements may necessitate redesign of the project. Any changes to project design required by a public agency shall be documented in writing and submitted for review by the Department of City Planning.

#### **A. Dedication Required:**

Foothill Boulevard (Avenue I): A 20-foot-wide strip of land along the property frontage to complete a 50-foot-wide half right-of-way in accordance with Avenue I of Mobility Plan 2035.

#### **B. Improvements Required:**

Foothill Boulevard (Avenue I): Construct additional surfacing to join the existing improvements to provide a 35-foot-wide half roadway, integral concrete curb, 2-foot concrete gutter and a full-width concrete sidewalk adjoining the project site. Reconstruct all driveways to comply with BOE standards and ADA requirements. These improvements should suitably transition to join the existing improvements satisfactory to the City Engineer.

#### **Notes:**

Broken curb and/or gutter includes segments within existing score lines that are depressed or upraised by more than ¼ inch from the surrounding concrete work or are separated from the main body of the concrete piece by a crack through the entire vertical segment and greater than 1/8 inch at the surface of the section.

Non-ADA compliant sidewalk shall include any sidewalk that has a cross slope that exceeds 2% and/or is depressed or upraised by more than ¼ inch from the surrounding concrete work or has full concrete depth cracks that have separations greater than 1/8 inch at the surface. The sidewalk also includes that portion of the pedestrian path of travel across a driveway.

All new sidewalk curb and gutter shall conform to the Bureau of Engineering Standard Plans S410-2, S440-4, S442-5 and S444-0.

Install tree wells with root barriers and plant street trees satisfactory to the City Engineer and the Urban Forestry Division of the Bureau of Street Services. It should be noted that some tree removal may be required in conjunction with the street improvement project and may require Board of Public Works approval. The applicant should contact the Urban Forestry Division for further information (213) 847-3077.

Street lighting may be required satisfactory to the Bureau of Street Lighting (213) 847-1551.

Department of Transportation may have additional requirements for dedication and improvements.

Refer to the Department of Transportation regarding traffic signals, signs and equipment (818) 374-4699.

Regarding any conflicts with power pole matters, contact the Department of Water and Power at (213) 367-2715.

Refer to the Fire Department Hydrants and Access Unit regarding fire hydrants (818) 374-5005.

- C. Provide proper drainage for street being improved and for the site being developed.
- D. Extend the existing public sewer mainline and construct house connection lateral to the property line for this site. All Sewerage Facilities Charges and Bonded Sewer Fees are to be paid prior to obtaining a building permit.
- E. Submit a parking area and driveway plan to the Valley District Office of the Bureau of Engineering and the Department of Transportation for review and approval.

### 3. **Native Protected Trees.**

- A. All tree and shrub preservation measures shall be considered to retain all protected native species whenever possible. Project should include feasible alternatives in project design to retain native trees and shrubs. A permit is required for the removal of any native protected tree and shrub. Removal of any on site native tree or shrub shall be replaced in kind at a 4: 1 ratio as approved by the Board of Public Works and Urban Forestry Division. The tree replacement plan shall include all retained native trees and shrubs. All on-site tree and shrub replacements shall be planted in locations favorable to the long-term survival of the species.
- B. The applicant shall submit a Protected Tree Report with an acceptable tree and shrub replacement plan prepared by a reputable Tree Expert, as required by Ordinance No.

186,873 for approval by the Advisory Agency and the Bureau of Street Services, Urban Forestry Division. The Protected Tree Report (PTR) shall contain the Tree Expert's recommendations for the preservation of as many protected trees as possible and shall provide their species, health, size, and condition. The PTR shall include a topographical map (construction drawing) identifying tree and shrub location, drip line, and correctly numbered and plotted.

**Note:**

Removal of Native Protected trees and shrubs requires approval from the Board of Public Works. All projects must have environmental (CEQA) documents that appropriately address any removal and replacement of native protected trees and shrubs. Contact Urban Forestry Division at: (213) 847-3077 for tree removal permit information.

4. **Street Trees.**

- A. Project shall preserve all healthy mature street trees whenever possible. All feasible alternatives in project design should be considered and implemented to retain healthy mature street trees. A permit is required for the removal of any street tree and shall be replaced 2: 1 as approved by the Board of Public Works and Urban Forestry Division.
- B. Plant street trees at all feasible planting locations within dedicated streets as directed and required by the Bureau of Street Services, Urban Forestry Division. All tree plantings shall be installed to current tree planting standards when the City has previously been paid for tree plantings. The sub divider or contractor shall notify the Urban Forestry Division at: (213) 84 7-3077 upon completion of construction for tree planting direction and instructions.

**Note:**

Removal of street trees requires approval from the Board of Public Works. All projects must have environmental (CEQA) documents that appropriately address any removal and replacement of street trees. Contact Urban Forestry Division at: (213) 847-3077 for tree removal permit information.

5. **Street Lighting.** Construct new street lights: one (1) on Van Nuys Blvd. and four (4) on Foothill Blvd.

**Notes:**

The quantity of street lights identified may be modified slightly during the plan check process based on illumination calculations and equipment selection.

Conditions set: 1) in compliance with a Specific Plan, 2) by LADOT, or 3) by other legal instrument excluding the Bureau of Engineering conditions, requiring an improvement that will change the geometrics of the public roadway or driveway apron may require additional or the reconstruction of street lighting improvements as part of that condition.
