SUMMARY

The Los Angeles Fire Department (LAFD) requests authority to accept funds up to the amount of \$475,210 in accordance with the Fiscal Year 2021 Port Security Grant Program (FY19 PSGP) award, from the U.S. Department of Homeland Security, Federal Emergency Management Agency (FEMA) to support Marine Firefighter emergency response training. The FY21 PSGP is a cost-share reimbursement grant with a performance period from September 1, 2021 through August 31, 2024.

On September 8, 2021, the LAFD received notification of a grant award of funds from the FEMA for Marine Firefighter Training. The purpose of the FY21 PSGP grant is to support FEMA's National Preparedness Goals, with an objective of having a secure national maritime infrastructure with the capabilities required to prevent, respond to, and recover from threats and hazards. The Marine Firefighter training courses and exercises, offered by the contractor Voith Schneider, will provide land-based firefighters the necessary skillset to effectively respond to vessel fires and address terrorism-related events at local ports and harbors.

As the FY21 PSGP is a cost-share grant, FEMA will provide 75-percent of grant award funding, or \$356,407. The remaining balance of funds totaling \$118,803, will be provided by the LAFD in order to meet the grant program's 25-percent match requirement. The LAFD will front-fund the total grant-related expenditures up to \$475,210 and will be reimbursed by FEMA up to \$356,407. Reimbursements will be made on an ongoing basis and upon submission of proof of actual expenditures. In prior years, the LAFD utilized the Special Training Fund 40J to reimburse the General Fund for grant-related expenditures; however, the use of this fund has been phased out. The LAFD will absorb the remaining \$118,803 through identified General Fund departmental budgetary savings.

FISCAL IMPACT STATEMENT

Approval of the recommendations within this report will allow for the acceptance of the Fiscal Year 2021 Port Security Grant Program (FY21 PSGP) award in the amount of \$475,210 for Marine Firefighting training and training-related costs. As the grant recipient, the Los Angeles Fire Department (LAFD) will seek reimbursements up to \$356,407 from the Federal Emergency Management Agency in accordance with the provisions of the FY21 PSGP. The FY21 PSGP requires 25-percent in matching funds, or \$118,803, from the LAFD, which will be absorbed within the Department's budget. There is no additional impact to the General Fund resulting from the acceptance of this grant award.

FINANCIAL POLICIES STATEMENT

These actions are in compliance with the City's Financial Policies in that all grant funds will be utilized to fund grant activities.
