A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Neighborhood Council: Pico Union

Name: Alejandra Delfin

Email: Adelfin.punc@gmail.com

The Board approved this CIS by a vote of: Yea(9) Nay(0) Abstain(0) Ineligible(0) Recusal(0)

Date of NC Board Action: 05/03/2023

Type of NC Board Action: For

Impact Information

Date: 05/22/2023

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 23-0167

Agenda Date:

Item Number:

Summary: Summary: The Pico Union Neighborhood Council is in favor of this motion to find alternate solution for sidewalk repair without the need of tree removals. The city of Los Angeles is getting more building and less trees. This causes more pollution and less fresh air for our cities. The removal of trees would also make our streets filled with concrete and not have any plants or wildlife around it. Trees are important for fresh air and a habitat for animals as well. The city of Los Angeles has no tree canopies due to the fact that the new developers should take into consideration that trees are important and should not be removed. The trees also help prevent global warming by making Los Angeles a stable temperature.
