A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Honorable Mayor of Los Angeles Karen Bass,
Honorable Members of the Los Angeles City Council,

Community Impact Statement: Federal Immigration Enforcement / City Resources, Property, Personnel / Prohibit Use / Compliance Monitoring Report CF 23-0243

Whereas the City of Los Angeles is home to more than 1.35 million immigrants, comprising over 34 percent of the city's population and immigrants are a vital part of the city's labor force and an integral part of Los Angeles' diverse communities.

Whereas a significant number of these community members live in fear of being apprehended, detained, and deported by federal immigration authorities.

Whereas the vast discretionary powers of federal immigration agents to conduct enforcement operations continue to threaten the safety of the City's immigrant communities.

Whereas the City's current relationship with federal immigration agencies is shaped by Executive Directive 20 and LAPD's internal policies, and these policies are not permanently enshrined into local municipal law.

Whereas these existing policies still allow ICE officers to access City jails to interrogate people in LAPD custody, and, under certain circumstances, LAPD officers are permitted to transfer individuals to ICE custody, even when judicial warrants are not issued.

Whereas, under these policies, even minor traffic violations have led to transfers into ICE custody for individuals with prior convictions.

Whereas the City lacks robust policies limiting direct and indirect data sharing with federal immigration authorities and private companies that work with federal immigration authorities and this lack of protections allows for significant exposure of City residents and their data to immigration agencies, undermining the City's commitment to protecting immigrants and their families from immigration enforcement.

Therefore, the Rampart Village Neighborhood Council supports Council File 23-0243 and calls on the City Council to request the City Attorney to prepare and present a draft ordinance within 60 days to prohibit,

to the extent permissible by law, any City resources, property, or personnel from being utilized for any federal immigration enforcement or to cooperate with federal immigration authorities in the execution of their duties connected to federal immigration enforcement. The ordinance should, to the extent permissible by law, specifically prohibit, among other activities:

- Inquiring into or collecting information about an individual's immigration or citizenship status or place of birth unless required to provide a City service, for the sole purpose of assisting a person in matters relating to their immigration status, or as required for employment purposes;
- Investigating, interrogating, detaining, arresting, transferring or refusing to release persons for immigration enforcement purposes;
- Responding to any civil immigration warrant or request to detain, transfer, or notify federal authorities about the release of any individual for immigration purposes;
- Providing immigration authorities access to any non-public areas, including jails, without a valid search or arrest warrant issued by a federal district judge or magistrate;
- Making individuals in City custody available to federal immigration authorities for interviews for immigration enforcement purposes;
- Participating in any immigration enforcement operation or joint operation or patrol that involves, in whole or in part, immigration enforcement; and
- Providing access to City databases or to any individual's personal information or other data to federal immigration authorities, or providing access to City databases or to any individual's personal information or other data to any other entities for immigration enforcement purposes.

In addition, the Rampart Village Neighborhood Council supports Council File 23-0243 in calling on the City Council to direct the Chief Legislative Analyst, with the assistance of any other City departments, as needed, to report back within 60 days with recommendations for an addendum to this ordinance which would prevent the City from entering into a new, amended, or extended contracts or agreements with any person or entity that provides immigration authorities with any data broker, data-mining, or "extreme vetting" services connected to immigration enforcement, unless a waiver is granted.

In service,

Rampart Village Neighborhood Council
