SUMMARY

On May 31, 2021, the California Office of Emergency Services (Cal OES) notified the Los Angeles Fire Department (LAFD) of an award of funds from the Fiscal Year 2021 (FY 2021) High Frequency Communications Equipment Program. The FY 2021 High Frequency Communications Equipment Program will provide a total of \$56,290 in funding for High Frequency Radios. This grant does not require a cost share and is 100% reimbursable to the LAFD. The original period of performance for the FY 2021 High Frequency Communications Equipment Program is April 1, 2022 through October 31, 2023. However, on November 20, 2023 Cal OES approved an amendment to extend the period of performance until March 31, 2024. The new period of performance is April 1, 2022 through March 31, 2024.

The Emergency Operations Organization of the City of Los Angeles has designated the Los Angeles City Fire Department (LAFD) to manage its amateur radio program under the Auxiliary Communications Service (ACS) Agreement with the State Office of Emergency Services. ACS members are used to facilitate auxiliary communications during brush fires and other disasters working out of our Emergency Operations Center (EOC). This funding will provide the necessary High Frequency communications equipment (FH) offered in this program.

RECOMMENDATIONS

That the Board:

1. Forward to the Mayor and the Office of the City Administrative Officer for approval of the amendment to the period of performance and continuation of authority to expend FY 2021 High Frequency Communications Equipment Program Grant award.

Request that the Mayor, subject to the approval of the City Council:

2. Authorize the Fire Chief, Los Angeles Fire Department (LAFD) to:
 - a. Authorize the Fire Department to expend up to \$56,290 from LAFD General Fund 100, Department 38, Account 006020 Operating Supplies for the High Frequency Radios in accordance with the FY 2021 High Frequency Communications Equipment Program award from Cal OES, for the performance period of April 1, 2022, through to October 31, 2023, and any extension of the performance period granted by FEMA; and authorize the Fire Chief, or designee, to execute any documents necessary to accept the grant on the City's behalf.
 - b. Deposit FY2021 High Frequency Communications Equipment Program reimbursement grant funds into Fund 335, Department 38, Account 38911W;
3. Authorize the Controller to:
 - a. Transfer reimbursement grant funds up to \$56,290 from Fund 335, Department 38, Account 38911W to LAFD General Fund 100, Department 38, Account 006020 Operating Supplies for high frequency radio equipment, upon submission of proper documentation by LAFD of actual costs incurred, subject to the review and approval of the City Administrative Officer (CAO); and
 - b. Authorize the LAFD to prepare Controller instructions for any technical adjustments, subject to the approval of the CAO, and authorize the Controller to implement the instruction

FISCAL IMPACT

The LAFD will fund the grant-related expenditures of up to \$56,290 associated with the FY 2021 High Frequency Communications Equipment Program. Cal OES will reimburse LAFD for the full costs associated with this purchase up to \$56,290.

Board report prepared by Nicole Castro, Management Analyst, Emergency Operations Bureau, Homeland Security Division.
