

MOTION

TO CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED

#55

At the onset of the COVID-19 pandemic, the General Services Department and the Port of Los Angeles worked together to obtain Personal Protective Equipment (PPE) and to make it available to the local community. The effort was named the Logistics Victory Los Angeles (LoVLA) Initiative. The LoVLA Initiative, supported by City funds, provided millions of units of PPE to local hospitals, schools, small businesses and community organizations.

As the effects of the pandemic level off, the LoVLA Initiative finds itself with a high surplus of PPE. As such, some of the remaining PPE could be used by the Fire Department as it conducts its Community Emergency Response Team (CERT) trainings.

I THEREFORE MOVE that the General Services Department and the Port of Los Angeles be authorized to take all necessary actions to transfer the surplus Personal Protective Equipment (PPE) items identified below to the Fire Department to be used as part of the Fire Department's Community Emergency Response Team (CERT) trainings:

- Gloves – Nitrile exam medium (Stock Item # 461815040501)
- Gloves – Nitrile exam small (Stock Item # 461815040528)
- Gloves – Nitrile disposable medium (Stock Item # 461815040530)
- Gloves – Nitrile disposable large (Stock Item # 461815040531)
- Disinfecting Wipes – (Stock Item # 471315020052)

PRESENTED BY:

MONICA RODRIGUEZ
Councilwoman, 7th District
