A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Type of NC Board Action: For

Impact Information

Date: 03/17/2024

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 23-0919

Agenda Date:

Item Number:

Summary: Palms Neighborhood Council supports the Los Angeles Neighborhood Sustainability Alliance's effort to help our city create a capital infrastructure plan based on ten principles, per below. LA's capital infrastructure plan should: 1. Articulate a clear vision that defines a measurable and comprehensive budgeted vision for the future of the City of Los Angeles' public right-of-way infrastructure for the next 5 to 10 years. 2. Include internal collaboration and coordination among City departments, agencies, and stakeholders. 3. Be developed through a transparent and inclusive process that engages the public, community organizations, and external stakeholders. 4. Use transparent and data-driven metrics to allocate resources effectively and equitably, addressing the infrastructure needs of all neighborhoods. 5. Prioritize and include the maintenance and enhancement of existing infrastructure to ensure a state of good repair. 6. Include unfunded

needs to identify and address critical infrastructure gaps for future funding opportunities. 7. Promote equitable and local hire, encouraging the recruitment and training of community members to work on infrastructure projects. 8. Integrate measures for emergency preparedness and climate change resilience. 9. Be easy for the public to understand and access, ensuring transparency and accountability in the allocation of resources. 10. Prioritize biodiversity and human health through green infrastructure components and nature-based solutions that implement the LA Biodiversity Guidelines. We are in strong support of such a plan, which is long overdue.
