

**CITY OF LOS ANGELES**  
**INTER-DEPARTMENTAL MEMORANDUM**

Date: April 2, 2024

To: The Honorable City Council  
Office of the City Administrative Officer  
Personnel Department

From: Laura Rubio-Cornejo, General Manager   
Department of Transportation

Subject: **DEPARTMENT OF TRANSPORTATION PERSONNEL VACANCIES**

The Los Angeles Department of Transportation (LADOT) has 1,830 authorized positions in the Fiscal Year (FY) 2023-24 Adopted Budget, comprised of 1,441 regular authorities and 389 resolution authorities.

As of February 2024, LADOT had 335 vacant positions (235 regular and 100 resolution), or an 18 percent vacancy rate. The 335 vacancies include 187 positions funded by the General Fund (108 of which are Traffic Officers), and 148 positions funded by various Special Funds. Of the 335 vacant positions, 128 positions (89 regular and 39 resolution) are in the process of being filled through conditional job offers made prior to the implementation of the Prioritized Critical Hiring process. Those 128 positions are included in the attached list, with a note indicating that there is a conditional job offer (CJO) associated with that vacancy.

LADOT currently has two salary savings rates in 2023-24: zero (0%) for Parking Enforcement Services, and six percent (6%) for all other budgetary programs. Assuming the average LADOT position salary in 2023-24, about 73 positions must be held vacant in order to meet the six percent salary savings rate.

Any questions regarding this report may be directed to Kevin Minne, Assistant General Manager and Roy Cervantes, Chief Management Analyst.
