SUMMARY

The Los Angeles Police Department (LAPD) is seeking retroactive approval to apply for and accept a \$205,410 grant sub-award for the 2022-25 Project Safe Neighborhoods Grant by and through the San Diego Association of Governments (SANDAG) with the United States Attorney's Office, Central District of California, with funding from the Department of Justice, Bureau of Justice Assistance for the period of October 1, 2022 through September 30, 2025.

The Project Safe Neighborhoods (PSN) Grant is administered by the U.S. Department of Justice, Bureau of Justice Assistance, through the SANDAG, the assigned fiscal agent for the United States Attorney's Office, Central District of California for this funding. The program purpose areas and mandates for the sub-award solicitation were limited to Intervention, Prevention, Outreach, and Reentry, and Law Enforcement. The LAPD applied under the Law Enforcement and Prevention categories and was awarded \$205,410 to counteract the precipitous increase in violent crime by applying enforcement and prevention strategies in the Department's 77th and Southeast Divisions (SOE). The LAPD will scan and analyze the problem of violent crime and gun crime reduction, respond to the problem appropriately, and assess the success or limitations of the approach. The PSN grants support state and local law enforcement agencies developing innovative multi-disciplinary, multi-agency approaches to address violent crime through the cultivation of collaborative relationships. The 77th and SOE Divisions propose to implement the Summer Violence Reduction strategies to reduce violent crimes along the Figueroa corridor through the following initiatives:

- Intervention & Law Enforcement Efforts; consisting of the use of high visibility patrols in targeted, hot spot areas within identified Neighborhood Engagement Areas; foot and bike patrols in and around businesses and residential areas; participation of gang units in community-sponsored events; and the use of Community Relations Officers working in neighborhoods and schools;
- SANDAG collaboration efforts and interaction with the Crime Gun Intelligence Center (CGIC) where investigators from LAPD’s South Bureau and the Bureau of Alcohol, Tobacco, Firearms and Explosives work together to solve shootings linked through the National Integrated Ballistics Information Network; and,
- Outreach efforts with LAPD’s Community Safety Partnership Bureau that works with youth in public housing developments through sports activities, school-based assistance and mentoring, as well as working with the Mayor’s Office of Gang Reduction and Youth Development.

Program performance during the term of the grant will be tracked by the Department and reported through quarterly performance metrics submitted to both the SANDAG and the Bureau of Justice Assistance. The final program assessment will consist of an evaluation of the overall strategies employed in order to determine whether the response was successful in reducing, preventing, or mitigating the crime problem, with a specific focus on summer violence. Program performance will be tracked during the performance the period of October 1, 2022 through September 30, 2025.

The grant will fund a total of \$187,692 for sworn overtime in 77th Area for intervention and suppression strategies over two years (\$93,846 in 2023-24, and \$93,846 in 2024-25). Funding in the amount of \$17,718 is also provided for related costs (fringe benefits). Under the grant agreement, the SANDAG will reimburse the City for expenses incurred as follows:

Expense Category	Amount
Sworn Overtime	\$ 187,692
Related Costs	17,718
Total	\$ 205,410

FISCAL IMPACT STATEMENT

Approval of the recommendations within this report will allow for the expenditure of the 2022-25 Project Safe Neighborhoods Grant award totaling \$205,410. The grant will provide overtime funding for sworn personnel and funding for related costs. No matching funds are required for this grant. There is no impact to the General Fund as a result of these recommendations.

FINANCIAL POLICIES STATEMENT

The recommendations provided in this report are in compliance with the City’s Financial Policies in that one-time grant funding will be utilized for one-time grant-eligible program expenditures.
