Dear Councilmembers,

I respectfully ask that you halt the proposed closure of three Los Angeles animal shelters and the layoff of shelter staff.

The shelters are at capacity and already understaffed. Dedicated shelter workers will lose their jobs and closing the shelters will not only have a negative effect on domestic animal welfare, but would also impact injured wildlife. Since wildlife rehabilitation clinics often rely on Animal Service Officers to rescue and transport injured wildlife to the clinics, this will no doubt have an impact on how many injured wild animals will be rescued and taken in for proper care, sadly, many animals will die if these cuts move forward.

Please protect our shelters, our workers, and the animals who rely on them.

Thank you for your time,

Nadine Skye-Davis
